This will be the 6<sup>th</sup> Market Season! In 2009 the Glenn County Resource Conservation District (RCD) received a USDA Farmers Market Promotion Program grant to create Glenn County Certified Farmers' Market, the first "Certified" Farmers' Market in Glenn County! RCD Directors and Staff worked with vendors, community members and volunteers to OPEN the Certified Farmers' Market in summer 2010, locations included both Orland and Willows.

Today, the Orland Market and Willows Market continue to operate and Vendors look forward to an exciting new time! The Glenn County Certified Farmers' Market will be under new management. To ensure a long running Certified Farmers' Market, Vendors are taking the lead and will now be part of the Chico Certified Farmers' Market. That's right, this year RCD achieved its goal set in 2009 to create, grow and foster a Certified Farmers' Market in Glenn County. This exciting new time is all due to the endless leadership and efforts by Market Vendors, especially Tim Pedrozo, Kathy Landini and Heather and Paige Baker.

The Chico Certified Farmers' Market currently operates five other Farmers' Markets in Butte County and brings fresh quality locally grown food, and handmade artisan products to Northern California communities in Chico, Oroville, Paradise, and now Orland and Willows. Therefore, Vendors will have an opportunity to connect regionally with customers and all under one management. However, not to worry as you will still see the cute Glenn County Certified Farmers' Market logo connected with the Orland Market and Willows Market.
