

Upper & Mid  
Sacramento  
Regional Flood  
Management  
Planning

March 12, 2015

# WHAT IS REGIONAL FLOOD MANAGEMENT PLANNING?

- Locally driven assessment of regional flood risks
- Local ideas for reducing identified flood risks
- Follow up to Central Valley Flood Protection Plan
- DWR funded the plan by providing a 100% grant
- Mid & Upper Sacramento Regions Combined
- Common interests & goals & Flood facilities within the regions are interconnected

# RFMP GOALS

- Maximize local expertise and knowledge to create a meaningful flood management plan
- Document local flood management problems, opportunities and solutions
- Cooperatively and collaboratively determine appropriate flood management/protection actions and projects that:
  - Protect agricultural, environmental, and urban based infrastructure and resources
  - Meet local needs
  - Improve public safety and reduce flood risks
  - Help shape CVFPP
  - Provide multiple benefits
- Identify funding needs and sources for future actions

# RFMP APPROACH

- Plan developed by focusing on specific areas including:
  - Small Communities
  - Urban Areas
  - Rural Areas
  - Emergency Response
  - Operations & Maintenance
  - Multi-Benefit
  - System Improvements

# RFMP APPROACH

- Over 50 meetings
- Over 450 Stakeholders
- Draft Plan Public Review Spring/Summer 2014
- Over 460 comments
- Final RFMP Published November 2104
- Available at [www.musacrfmp.com](http://www.musacrfmp.com)

# PROJECT PRIORITIZATION

- 100-Year Level of Protection for Small Communities
- Improved Operations & Maintenance Plans
- Comprehensive Bypass Management Plan(s)
- Complete Implementation of Ongoing Habitat Enhancement Projects
- Urban Level of Protection (200-Year)
- Improving Regional Flood Emergency Preparedness

# IMPLEMENTATION STRATEGIES SUMMARY

- Corridor Management Plans
- Comprehensive Bypass Management Plans
- System-Wide Improvement Frameworks (SWIFs)
- Improved Governance Structures
- Small Community Feasibility Studies

# NEXT STEPS

- RFMP Phase 2 to begin in 2015
- Small Community 100-Year Flood Protection
- Integrate RFMP priorities with DWR Basin Wide Feasibility Study
- Incorporate RFMP into CVFPP 2017 Update
- Conservation Strategy & RFMP Integration
